

2 - Choosing a Community to Help

Learning Target

I understand the Community Project and Ideas that I could begin the process with.

Welcome Activity (5 min)

Review your community project ideas from the previous lesson.

Activity (28 min)

As a class, show the Community Project topics presentation.

Continue to work on the Community Project Process Journal. Students should use the same Google Document from yesterday. If students need to start the journal that link is [here](#).

Students should answer these questions in their Google Doc:

- What is the mission of Thomas Jefferson?
- Rank the top five most interesting topics or start your own

As a class, who Getting Started on the Community Project:

Students should answer these questions in their Google Doc:

- What Community do you want to help?
- Choose a need, this may change after you investigate the community and that is fine.
- Choose a goal to help a community address their needs
- Choose a global context and say why
- Which teacher could best help us with this project
- Reflect individually or with partners does this look like what we want to do now?

Follow-up (2 min)

Students should [submit this Google Form here](#)
