Here's Mr. Clark:

Good morning TJ students! I'm Mr. Clark. I am the new sponsor for Jefferson's Model United Nations Club. We will begin next week after school on Tuesday September 28th in room 80, which is in front of the cafeteria by the gym doors. We will review basic information about the club and the expectations involved. If you are interested, or curious about international affairs and how to solve them, join us! We will be debating world affairs and how to come up with solutions to international problems. For those who are interested and have a conflict with their schedule, let me know because it is possible that we can work something out. Again, the Model United Nations Club will begin next Tuesday after school in Mr. Clark's room 80. Join us!

The United States started observing Hispanic Heritage Week in 1968 under President Lyndon Johnson. In 1988 President Ronald Reagan expanded that into National Hispanic Heritage Month, to cover the 30-day period starting on September 15<sup>th</sup> each year.

From Mr. Malinosky:

The #ClimateCrisis is upon us. From flooding in Arlington to fires in California, hurricanes in the gulf coast to droughts in the west global warming is here.

- Want to take action locally?
- Want to push for change globally?
