# Why Comply with Title IX Regulations?

- Failure to comply could result in:
  - Legal liability for APS or you
  - The loss of federal funding
  - An Office of Civil Rights (OCR) Investigation

# What is Title IX Sexual Harassment?

Title IX Sexual Harassment is misconduct on the basis of sex that satisfies one or more of the following conditions:

- **Hostile Environment:** Unwelcome conduct (student-student or employee-student) that is determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies the victim equal access to an education program or activity.
- **Quid Pro Quo:** An APS employee conditioning aid, benefit, or service on an individual's participation in sexual conduct;
- **Dating/Domestic Violence, Stalking, or Sexual Assault**  
(as defined by the United States Code –see next slides)

# What is Title IX Sexual Harassment?

- **Dating/Domestic violence:** means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.
- **Stalking:** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

# What is Title IX Sexual Harassment?

**Sexual Assault:** any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent.

- **Rape:** Penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

- **Statutory Rape:** Sexual intercourse with a person who is under the age of consent (18 years old).

# What does sexual misconduct look like in the school?

# Role of Title IX Coordinator

- Whenever any school employee has notice of sexual harassment, APS is required to take certain actions to stop any harassment that may be occurring; investigate the allegation; and implement appropriate remedies if, in fact, sexual harassment has occurred.
- The Title IX Coordinator is tasked with ensuring these steps are taken. Because of the complexity involved in determining whether an allegation of sexual misconduct constitutes Title IX Sexual Harassment (versus other sexual misconduct prohibited by the APS student code of conduct) it is critical that the Title IX Coordinator be notified of each allegation of sexual misconduct.
- The Title IX Coordinator will determine whether the alleged misconduct, if true, would constitute Title IX Sexual Harassment and will ensure that the appropriate next steps are implemented.

# Reporting Sexual Misconduct

On May 6, 2020, the United States Department of Education issued new regulations that resulted in significant changes to the way that allegations of sexual harassment must be investigated and resolved by K-12 school systems throughout the United States, including APS. These new Title IX regulations now require all school employees to report sexual harassment, much like all school employees are required to report child abuse and neglect.

# Reporting Sexual Misconduct

An employee is required to report an allegation of sexual misconduct *even if* the employee:

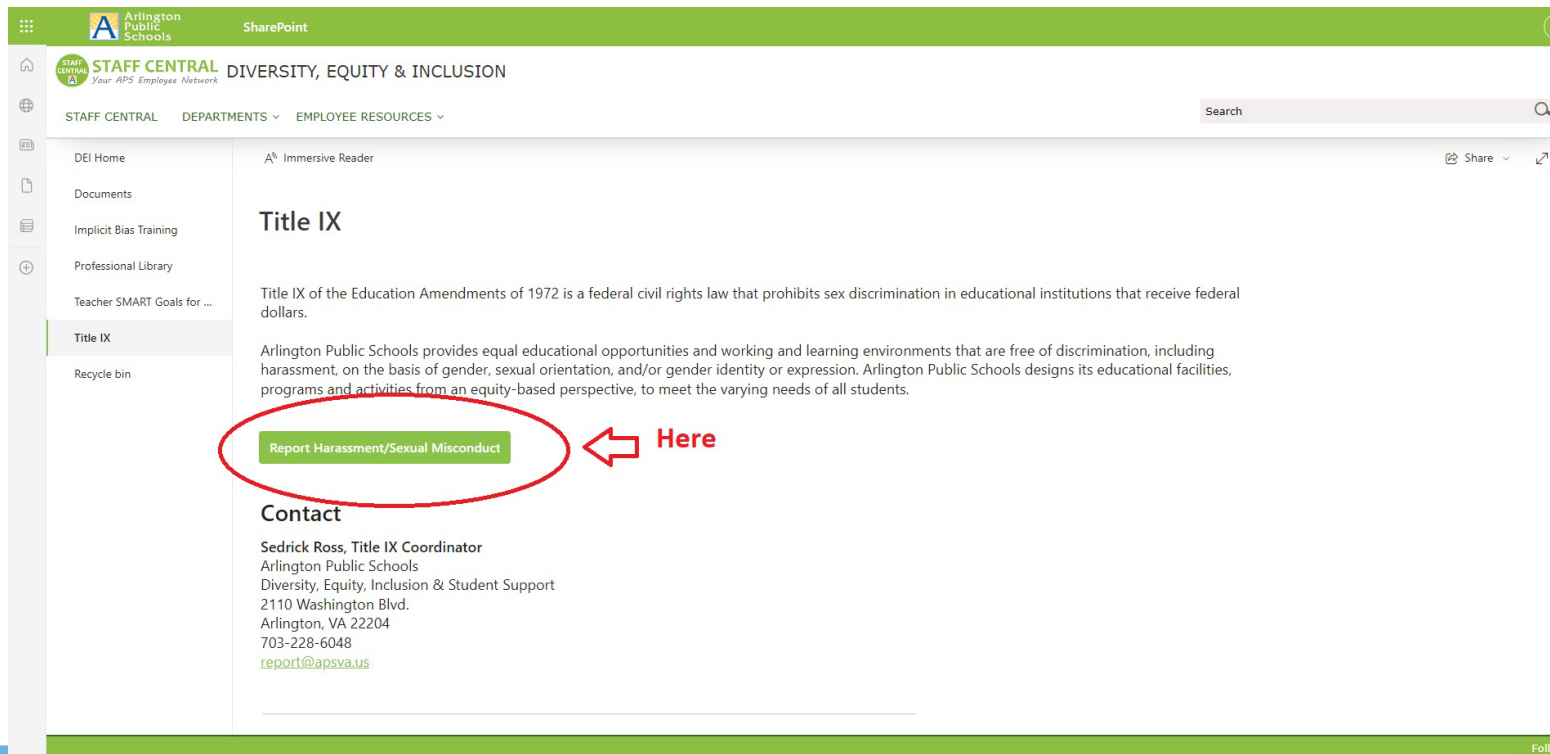

- Has not spoken to the alleged victim;
- Does not know if the allegation is true; or
- Believes the alleged misconduct would not constitute Title IX Sexual Harassment.
